

25X1

CORONA Management - AP Facility's participation

25X1 [] at this point was the CIA senior technical representative and contracting officer charged with directing and authorizing all work efforts with the CIA-controlled contracts in the CORONA program conducted from [] This authority was reaffirmed to him, to the contractors, and to the NRO AF elements in cable in January 1965.

25X1

This understanding was agreed to orally with Gen. Stewart (NRO Staff) and he assured CIA that he would express this understanding to Gen. Greer's West Coast group.

CORONA

Latter part of December 1964
CIA deeply engaged with the NRO in a struggle to work out and solidify a corona agreement--until achieved, it was agreed that the established policy of the Agency as well as for Secty Vance would be the normal operating procedures which were effective as of 30 November 1964. (agreement between Gen Carter & Vance). *Rex*

25X1 cables
